

## Press Release

### Zultys Inc. Receives 2009 NGN Leadership Award from *NGN Magazine*

#### *Zultys Honored for Outstanding Innovation*

Sunnyvale, CA, April 15, 2009 — **Zultys Inc.** announced today that Next Generation Network magazine ([www.ngnmag.com](http://www.ngnmag.com)) has named **Zultys** as a recipient of the First Annual NGN Leadership Award for its outstanding contributions to IP telephony.

“Zultys is delighted to be the recipient of this prestigious award” said Steve Rothenberg, “We embraced open SIP standards at the inception of the company, which has allowed us to create innovative, energy efficient SIP IP PBX solutions that pack a lot of features and functionality into a single server. This allows us to provide a lot of performance, with fewer servers, making our solution the most ‘green’ small and medium business Unified Communication and networking solution available”

The NGN Leadership Award has been established to recognize outstanding achievement in the IP Communications community, including outstanding products, services and technologies relating to IMS and NGN environments. Zultys received this award for their recently delivered SIP next generation networking, mobility, and collaboration solutions.

“Zultys has been recognized for their exceptional work in advancing IMS and NGN services and technologies, and we honor Zultys with an NGN Leadership Award. With the significant growth in next generation network technologies, receiving this award distinguishes them as a leader in the industry,” stated Rich Tehrani, president of TMC.

The 2009 NGN Leadership Award winners can be found in the May/June 2009 issue of *NGN* magazine, [www.ngnmag.com](http://www.ngnmag.com). *NGN* magazine is published by Technology Marketing Corporation (TMC), [www.tmcnet.com](http://www.tmcnet.com), a global media company

#### **About Zultys**

Based on open standards, Zultys Inc., a Silicon Valley company founded in 2001, manufactures a family of feature-rich Phone Systems that scale gracefully to 10,000 users. Our cross-OS (MAC, Windows, Linux) interface integrates features such as softphone, Find me Follow me, Presence, Secure Chat, Tele-worker support, IVR, ACD, Call Record, Fax Origination/Termination and much more. Not only is our solution cost effective, but it also provides the highest energy efficiency. Zultys’ distributed

architecture also helps companies maintain high availability, while being simple to install and manage, and allowing them to cost-effectively grow their system to meet company needs. For more information, visit us at [www.zultys.com](http://www.zultys.com).

### **About NGN magazine**

[NGN magazine](#) is the resource for communications service providers and the supporting ecosystem of equipment providers, system integrators, and solutions developers as they make the transition to next generation networks.

NGN magazine will cover how these new technologies will integrate with legacy systems, and how they will improve service, deliver new applications, and offer ROI to carriers. TMC continues to provide leading-edge information as this market develops. NGN represents the evolution of *IMS Magazine*. Launched in January 2009, NGN encompasses a wider swath of the important trends and newsmakers that are shaping the networks of the future.

### **About TMC**

Technology Marketing Corporation (TMC) is a global integrated media company helping our clients build communities in print, in person and online.
