Web Conferencing

Widely used in **collaborative settings**

- ❑ Perform product demonstrations
- ❑ Conduct sales presentations
- ❑ Collaborate interactively on documents with co-workers
- ❑ Hold staff meetings
- ❑ Conduct real-time training

MXmeeting[™] Web Conference Benefits

- ❑ Everyone in a meeting can **present** his desktop
- ❑ Everyone in a meeting can **control** the presenter's desktop
- ❑ Application-only sharing **protects** rest of desktop
- ❑ Real-time **privacy** protection from IMs and chats
- ❑ **Pause** meetings to attend to other matters
- ❑ **Hide** attendee list from other participants
- ❑ Supports **multiple** monitors

MXmeeting™ Host View

Share Presenter Desktop or pause

Chat with 1 or all attendees

Allows the presenter to send files to 1 or more attendees

Choose entire desktop or specific opened application

Allows Presenter to record the Webinar (with audio)

This tells you who is attending your webinar

Allow the presenter to relinquish control of his desktop to someone else or have someone else control his screen

Allows the presenter to show himself through a Web cam

Allows you to draw on a whiteboard

Add attendees at any time during a meeting

The screenshot shows the MXmeeting Host View interface. At the top, there is a menu bar with 'File', 'Tools', and 'Help'. Below the menu bar, there is a status bar with a green indicator light and the text 'Showing my screen'. The main toolbar contains several icons: a large blue 'Pause' button, a 'Chat' button, a 'Send Files' button, and a 'Record' button. Below the toolbar, there is a 'Show My Desktop' dropdown menu. The 'Attendees' section shows a list of participants, with 'Pierre Kerbage (Host, Me)' listed. Below the attendees list, there are several control buttons: 'Change Presenter', 'Change Controller', 'Start Webcam', 'Whiteboard', and 'Annotation'. At the bottom, there is an 'Invite Attendee' section with two numbered steps: '1. Meeting Server Address: mxmeeting2.zultys.com' and '2. Meeting ID: 2312-4145'. A blue 'Invite Attendees' button is located at the bottom right of the interface.

MXmeeting[™] Web Seminar Mode

- ❑ View-only attendees
- ❑ Rapid screen refreshes
- ❑ 100% connectivity guaranteed
- ❑ No downloads or updates required of attendees' PCs
- ❑ Can switch to interactive mode any time
 - Change presenter
 - Pass mouse and keyboard control

MXmeeting[™] Remote PC Modes

Great resource when it is necessary to:

- ❑ Show your customer how to implement or work with an unfamiliar desktop application on his own system
- ❑ Resolve support issues quickly by being your customer's eyes, dramatically improving call-handling times and customer satisfaction
- ❑ Eliminate travel expenses
- ❑ Gain unattended access your home or office PC
- ❑ Perform work on your customers' systems
- ❑ Monitor employees' or children's PCs to safeguard company information and promote safe internet use
