Zultys MXmeeting provides a comprehensive set of features and performance, at a fraction of the price 128bit encrypted meetings that are secure and firewall protected and can be started from within MXIE with the click of a button. No Downloads of any kind and all someone needs to join a meeting is a browser, even an iPhone.

MIXE, Zultys' desktop unified communications software, is fully integrated with the MXmeeting environment. Start new or join existing web conferences without ever leaving the Zultys desktop or having to create and dial into a new phone number. Zultys provides a truly integrated web conferencing and IP PBX system.

You own it. No monthly or per use fees. The Zultys MXmeeting M200 has an ROI of 3 - 6 months compared to monthly usage fees. Plus, like all Zultys products MXmeeting works on both a Microsoft Windows PC and a Macintosh.
